Feeding Directions: Everyday Llama Pellets are designed to be fed to Llamas of all ages, for growth, maintenance, reproduction and work. Generally feed ½ to 2 ½ lbs/day. The amount depends on age, size, activity level; feed with pasture or hay. Feed to condition of the animal. Do not let animal become over-conditioned.

*Always provide plenty of clean fresh water.*

*The suggested feeding program is for use as a guide only. The animal's requirements may change due to breed, environment and management.*
