Feeding Directions: Everyday Performance 1400 Horse Pellet is formulated for foals, broodmares, and working horses. This feed should be fed with recommended amounts of high quality hay/pasture. Everyday Performance 1400 Pellets contains 14% protein, high energy & high fat (from corn oil) and a vegetable blend and extra methionine & lysine (essential amino acids). Yeast culture has been added to improve feed intake, promote optimum growth, increase fiber digestion, reduce blood lactic acid and increase aerobic capacity. Free choice salt blocks and plenty of clean fresh water should always be available.
